Two important coverages in one to help protect you for life.

Financial security even after a loss

Protecting your loved ones is one of life's greatest responsibilities. When a family loses someone, in addition to grief, survivors may suddenly be faced with costly expenses and debts, and even a loss of income.

Universal Life can help.

Whether you are married, a parent or single and starting out, Universal Life **helps take care** of the people important to you if tragedy happens. You can choose a benefit amount that provides the **right protection for you**.

Universal Life insurance can mean those left behind can still pursue their own dreams, and help ensure that the **ending** of one story won't stop the **beginning** of another.

Solving the long-term care issue

At any point in your life, you may need long-term care services, which could cost hundreds of dollars per day. Universal Life includes a **long-term care (LTC) benefit** that can help pay for these services at any age.

Here's how it works:

4%

You can **collect 4% of your Universal Life benefit per month** for up to 25 months to help pay for long-term care services.

Flexible features available:

2x

PLUS: If you collect a benefit for LTC, your **full death benefit** is still available for your beneficiaries, as much as **doubling** your benefit.

3x

PLUS: You can collect your LTC benefit for an **extra 25 months**, as much as **tripling** your benefit.

The LTC Benefit is an acceleration of the death benefit and is not Long-Term Care Insurance (except in LA, where the LTC benefit is Long-Term Care Insurance.) It begins to pay after 90 days of confinement or services, and to qualify you must meet conditions of eligibility for benefits. Pre-existing condition limitation may apply. Benefits may not be available in all states or may be named differently. Your policy will contain complete details.

Universal Life is **flexible permanent** life insurance designed to last a lifetime.

The younger you are when you enroll, the **more benefit** you receive for the same premium.

No medical exams or blood work – just answer a few simple questions.

This is a brief description of benefits under GUL.205/IUL.205 and applicable riders HH/LTC.205, BRR.205, BXR.205, ABR.205, ADB.205, CT.205 and WP.205. Benefits, exclusions, form numbers and limitations may vary by state. This policy guarantees against lapsing for 10 years as long as planned premiums are paid. If you make changes during this period, or pay only the minimum amount, your cash value may not accumulate, or your death benefit may reduce. If there is negative cash value at the end of your no-lapse period, you must make up the premium to establish positive cash value. You may need to pay more premium to maintain your policy than the rate you paid to keep the no-lapse guarantee, or coverage may end before age 100. An illustration will be delivered with your policy. For costs and coverage detail, including exclusions, reductions, limitations and terms, see your agent or write the company.
